Welcome

We are so excited that you are interested in Panhellenic Recruitment!

On behalf of our Panhellenic Association Executive Board and our Panhellenic chapters here at Penn State, I am thrilled to welcome you to one of the largest and strongest fraternity and sorority communities in the country! We are so proud to serve as the home for 19 Panhellenic sororities and 3 Associate Panhellenic Chapters all of which have played a crucial role in students' experiences at Penn State since the 1870s.

Being a part of our fraternity and sorority community at Penn State means so much more than membership and involvement within one organization. Our over 4,000 members strive to use their Panhellenic experience to enrich their undergraduate experience, excelling in scholarship, leadership, philanthropy, and community service while building lifelong friendships and ties of sisterhood. Joining a sorority is different than joining any other student organization because by accepting a bid, you are making a lifelong commitment to the values of your organization and will likely develop relationships that will continue to flourish years after graduation.

In this booklet, you will find information detailing all sorority chapters here at Penn State. Please review this information about the individual chapters, as well as other helpful sections including those that contain frequently used terms and attire for the different rounds of recruitment. As you visit the different sororities, be sure to ask questions to learn about each one and what makes them unique. Also, consider your own values and interests when you narrow down your choices! Just as each sorority hopes to welcome girls who share their values and interests, we want you to find a chapter that can support and encourage your own personal values. Finally, make sure to explore all of your options, as each sorority has so much to offer.

Again, I am so excited for you to begin this process and look forward to seeing you at orientation!

We Are!

Letter from the VP for Membership

Dear Future Panhellenic Women,

Often it is hard to recognize moments in life that profoundly change who we are as people. I can honestly say that one of these moments was when I received my bid. I joined a sorority as a way to find a group of friends and help find my place at such a large university, as is very often the case. However, I could not have imagined how joining a sorority would impact me and help me become the best version of myself. I have been able to learn and grow so much all while making lifelong friends and so much more.

On my bid day, I remember looking around the sorority suite and being so excited to get to know all of the sisters that I had joined. Everyone—both new and current members—shared the same excitement and enthusiasm to become friends. Before I knew it, these girls became my closest friends. There is always someone who wants to get Starbucks with you, wants to go to dinner with you, or just wants to stay in and watch Netflix in the suite with you. I never thought I would be able to make friends so quickly that I would cherish so much. Not only has joining a sorority allowed me to make friendships in my own chapter, but I have formed so many connections with girls in other chapters that I will cherish long after graduation. When I reflect on my time in college, I have Greek life to thank for helping me find near and dear friends who I will have forever.

Not only will you make amazing friendships through Greek life, the opportunities for involvement in both leadership and philanthropy are endless. Both of these aspects have truly shaped me into the woman I am today. I was never the most confident person or considered myself a leader, but I love to be there as a support and help to others. When I joined my sorority, the girls I met empowered me and helped me to realize my full potential to become a leader and a better person as a whole. Without their love and support, as well as all of the opportunities available in the Greek community, I would have never had these impactful experiences as a part of my Penn State story.

Sorority life has brought so many incredible and truly meaningful people and opportunities into my life. I am so thankful I took a chance and made the decision to Go Greek! My advice to you is to go into sorority recruitment knowing you can experience all of these amazing things for yourself. As you go through the recruitment process, always remember to keep an open mind, be yourself, stay true to your values, and branch out to meet all of the people you can! Being a Panhellenic woman is about forming friendships with others to be a part of something greater than yourself. I cannot wait to introduce you to all of the great opportunities that being a Panhellenic woman has to offer! Happy Recruitment!

Sincerely,

Andrea Joyce

Why Join a Sorority

Penn State has one of the largest Panhellenic communities in the country with 22 sororities. Every sorority offers lifetime friendships and countless opportunities for leadership, community service, philanthropy - including the IFC/Panhellenic Dance Marathon (THON), fun and so much more! Sorority life is an excellent way to make your Penn State experience everything you want it to be. No matter which sorority you join, you are guaranteed to make lifelong friendships, have the opportunity to participate in everything Penn State offers, and create memories that last forever. Read from current Panhellenic woman and recent alumnae about their Penn State sorority experience.

NETWORKING - Being a member of a sorority not only connects you to the sisters of your chapter and thousands of other sorority and fraternity members at Penn State; it connects to you to the hundreds of thousands of women affiliated with your sorority's national organization. With those many connections, joining a sorority can bring many opportunities right to you!

Being involved in Penn State Greek life has provided me with countless opportunities to jumpstart my career. During my four years of college I had several internships, all of which were passed down by older sorority sisters. Within these positions, I was able to meet women all over the Panhellenic Community and witness the incredible bond that is Penn State Greek life. Throughout my Greek life involvement, I've had the opportunity to network with top Fortune 500 executives and attend events with major companies. I am currently working at a top fashion retail company which I received through my sorority connections. Without Penn State Greek life, I would not have experienced the career success that prepared me for the working world - Emily Hesidence, Alumna, Marketing

SERVICE AND PHILANTHROPY - Penn State's most notable philanthropy, the Penn State IFC/Panhellenic Dance Marathon (THON), was started by fraternity and sorority members and continues to be greatly supported by the fundraising and philanthropic efforts of the fraternity and sorority community. In addition to THON, each sorority has its own national philanthropy for which it holds events and fundraisers.

Service is an important aspect of sorority life. Each sorority has service-hour goals that members are expected to reach. Sororities can be seen helping first-years move in, working blood drives, hosting events for the community, participating in other service projects around campus, and most importantly supporting each other's national philanthropies.

Joining a sorority was exactly what I needed to make Penn State smaller and helped me get involved with charity events and THON. The fundraisers, canning trips, and canvassing trips were all so much fun to raise money for THON and what an amazing cause. I truly believe that there is a sorority out there for everyone and you will find it - Sarah Peluso, Sophomore, Undecided

SCHOLARSHIP - All chapters have a scholarship program that encourages academic development among its members. In fact, members often say that being in a sorority substantially enhances their ability to organize time and meet responsibilities. Sister-to-sister tutoring, encouraged study hours, incentives, and minimum GPA requirements are all ways chapters help their members succeed academically. The GPA for all sororities is consistently higher than the average for all women at Penn State.

Being in a sorority has made me an all-around better college student. Not only has it taught me strategic time management, but it also gives me great study tools. I always have someone to study with and a friend to support me in achieving my academic goals! I know if I ever need extra help, I can go to an older sister and ask her for tutoring in a class she may have taken in the past. Through leadership roles in my sorority, I have also learned how to better work with a team, which helps tremendously in achieving success in group projects during both my major and minor classes - Chloe Vollmer, Senior, Supply Chain Management

LEADERSHIP - Sorority membership offers more opportunities for leadership than many other organizations. Many sorority women continue to say that their organizations helped them enhance their leadership skills as they assumed positions of responsibility. These positions can be within an individual chapter or through Panhellenic as a whole, such as positions on Junior Panhellenic, the Greek Week Overall Committee, or Greek Sing committee positions. Additionally, Panhellenic women participate in sports, honor societies, and student government. Moreover, they hold employment positions and assist with research.

Going Greek and joining my sorority has challenged my leadership skills immensely. It has been one of the most rewarding experiences to be able to help empower not only my sisters, but also others around me. Greek life empowers women by giving us the chance to grow and change both personally and professionally in an environment that is supportive, yet challenging. Through my chapter, I get to have an active role in promoting issues that matter to us. I love how Greek life has provided me with the opportunity to not only lead women, but also influence the future of this campus - Amanda Saper, Junior, Political Science

SOCIAL - The best part about being in a sorority is the wide variety of friendships you will make. When you look back on your college experience, your most cherished memories are both a reflection of what you did and the incredible women with whom you shared those moments.

Panhellenic Recruitment is different than joining any other organization because it's a mutual selection. You choose a sorority, but the sorority also chooses you. When I think about my bid day freshman year, I had no idea that I would find some of the most considerate, loving, happy, goofy girls, and that they would become my best friends who push me to be more considerate, loving, happy, or goofy. Thanks to sorority recruitment, I found my people who push me to my best within the first month of school - Chloe Cullen, Junior, Broadcast Journalism and English

Jtraditional Events

Homecoming

Penn State Homecoming is one of the traditional events that all sororities and fraternities participate in each year. Homecoming is a week of fun, football, alumni, performances, and parades. Sororities team up with fraternities to participate in a number of activities during the week, including a talent show and a parade to unite Penn State. For the parade, each sorority/fraternity pair makes a float based on a theme that they choose. The floats are designed and built by the fraternity and sorority teams, and they take great pride in making them! The week culminates with a football game on Saturday. Homecoming is a celebration of Penn State tradition that sororities participate in to the fullest!

Greek Sing

Greek Sing is another traditional event where sororities and fraternities showcase their talents and compete by performing Broadway musicals. This showcase builds community among all fraternities and sororities and is an excellent way for students

to volunteer to represent their organizations.

The primary purpose of Greek Sing is to raise money for the Gayle Beyers Scholarship Fund, named after a woman who demonstrated great dedication and true allegiance to the sorority community as a collegian and Panhellenic advisor. Each year, the Gayle Beyers Scholarship is given to Panhellenic women who demonstrates commitment and excellence to the Penn State Panhellenic Association.

THON

The Penn State IFC/Panhellenic Dance Marathon (THON) is the largest student-run philanthropy in the world! Money is raised in a yearlong effort supporting The Four Diamonds Fund at the Penn State Hershey Medical Center to conquer pediatric cancer. In February, the fundraising culminates in a 46-hour, no-sitting, no-sleeping dance marathon. The dancers are selected to participate from their individual organizations. IFC/Panhellenic Dance Marathon weekend is a fun-filled two days with events for kids, dancers, families, supporters, and Penn State students. The IFC/Panhellenic Dance Marathon raised over \$9.7 million in 2016 and has raised over \$123 million since the Four Diamonds Fund became the sole beneficiary of fundraising in 1977.

The IFC/Panhellenic Dance Marathon started in 1973 as a philanthropy initiated by Penn State's fraternities and sororities. From its small beginnings in the HUB, it is now held in the Bryce Jordan Center and has grown to incorporate all student organizations. However, fraternities and sororities are proud that we continue to appear among the top fundraisers of any of the hundreds of IFC/Panhellenic Dance Marathon organizations. We are proud of our service to the IFC/Panhellenic Dance Marathon and continue to fight to find a cure. FTK! (For The Kids)

For more information on the IFC/Panhellenic Dance Marathon, visit www.thon.org.

Joining a Sorority & THON

Each sorority is paired with a fraternity to raise the funds for IFC/Panhellenic Dance Marathon. Fundraising efforts include letter-writing campaigns to friends and family, canning weekends, and canvassing. There are two weekends designated for canning. Students travel to the hometowns of selected brothers and sisters to stand with big cans and signs outside, asking for donations to THON. Most of the fraternity/sorority pairs also sponsor a Four Diamonds child who is being, or was, treated at the Hershey Medical Center. The pairs build close relationships with the child and their families to provide moral support throughout the year.

While individual participation of sorority members in THON isn't mandatory, it is strongly encouraged as a wonderful way to bond with sisters, develop leadership and fundraising skills, and to give back to the larger Penn State Community. It is truly unique to be able to be a part of the largest student run philanthropy in the world!

THON CALENDAR

- Canning Weekend #1: September 23-25
- THON 5k: October 16
- Canning Weekend #2: October 28-30
- Family Carnival: December 4
- THON Weekend: February 17-19

Greek Week

Greek Week takes place in April and consists of various activities that promote unity across all Penn State sororities and fraternities. These activities and events emphasize the positive facets of the fraternity and sorority community, while building meaningful relationships between participants and with the greater Penn State and State College communities. Some of the most popular Greek Week traditions include the Spring Carnival, Greek Pageant, athletic events, and more!

Policies & Rights

MANDATORY ATTENDANCE POLICY

The Panhellenic Association has a mandatory attendance policy during recruitment. This means that a Potential New Member is required to attend all chapter events to which she is invited. Potential New Members may NOT "pick and choose" the chapters they wish to attend on their schedule. If a Potential New Member chooses not to attend a chapter on her event schedule and does not have an excused absence, she will be removed from the recruitment process immediately.

Potential New Members must submit any academic or athletic conflicts to their recruitment counselor no later than August 31 at midnight. Panhellenic encourages chapters to invite back Potential New Members who must miss parties due to conflicts, but there is no guarantee that a chapter will invite you back if you have to miss their party.

If a Potential New Member would like to withdraw from the recruitment process, she will need to go to the Panhellenic Office in 218 HUB to fill out an official withdrawal form.

SIGNING AND ACCEPTING A BID

In signing a preference card, a Potential New Member is making a binding agreement that she will accept a bid from any of those sororities she lists in order of preference on her card. Furthermore, should a woman receive a bid from a sorority and she decides not to join the sorority, she will not be able to join another NPC sorority until the next formal recruitment.

Recruitment Behavior

RULES REGARDING THE RELATIONSHIP OF POTENTIAL NEW MEMBERS AND SISTERS

- A. Potential New Members must attend all scheduled recruitment parties. Without a validated excuse for every absence, you will be removed from the recruitment process.
- B. You must treat each sorority with equal respect. The sorority members must also respect you by not answering phone calls during the recruitment events, talking down about other sororities, etc. If you feel a sister has disrespected you, tell your Pi Chi. Your name will be confidential at all times, but the issue will be addressed.
- C. You MAY NOT "bad mouth" or slander any sorority to any sorority member or other Potential New Members. All opinions should be kept between you and your Pi Chis. It is important for you to make the decision for yourself and keep an open and unbiased mind throughout the entire recruitment process.
- D. Sorority members MAY NOT ask you about other sororities you have visited, whether you are a legacy, or about your friends in recruitment. If they do these things, you do not have to answer the questions. Tell your Pi Chi immediately or fill out the Anonymous Reporting Form on www.pennstatephc.org.
- E. You may not discuss rumors, social functions, hazing, fraternities, stereotypes, etc. with any other Potential New Members or sorority members. The sorority sisters also cannot talk to you about these things. If they do, report it immediately. If you have any questions pertaining to any of these topics, please go to your Pi Chi for the answers.
- F. You may not accept ANY type of gift (meals, cards, letters, sorority paraphernalia, etc.) before or during the recruitment process.
- G. You may not try to contact sorority members for information about recruitment in ANY way, including, e-mail, Facebook, Twitter, etc. If you have any questions about sorority recruitment, please contact your Pi Chi.
- H. When leaving a recruitment event, you will not be allowed to discuss opinions with other Potential New Members. You may use your "recruitment diary" to write down notes.
- I. YOU MAY NOT ATTEND SOCIAL EVENTS WITH SORORITY MEMBERS. This includes football games, off-campus events, parties, etc. You are not allowed in the fraternity houses between the hours of 8:00 p.m. and midnight before or during the recruitment process.
- J. You may not ask or research the affiliations of the Panhellenic Association Executive Board, Pi Chis, or Overall Recruitment Team.

Helpful Hints for Sorority Recruitment

Recruitment is a very formal, complicated, and time-consuming process. Be sure to budget your time wisely prior to and during sorority recruitment. Make sure that you get plenty of rest and stay focused on your academics.

You will make friends during the recruitment process that you will have for the rest of your time at Penn State, and you will meet your future sisters.

You have the power to have a great experience. If you keep an open mind, make your own decisions, form your own opinions and follow the rules, you will end up in a sorority that best fits you.

Pi Chis are active sorority women who have chosen to serve as recruitment counselors to assist and counsel Potential New Members through the recruitment process. There will be three or four trained Pi Chis in each group who are there to assist you day or night with unbiased advice and information. The Pi Chis are not allowed to associate with their sororities before and during recruitment, and their chapters are kept secret to make sure you get the best, unbiased advice and information during your recruitment journey.

PENALTIES FOR VIOLATING THE POTENTIAL NEW MEMBER CODE OF CONDUCT

All violations of the Potential New Member Code of Conduct will be addressed by the Panhellenic President and Vice President for Membership. Violations may result in a range of sanctions ranging from a warning to removal from the recruitment process.

HAZING POLICY

If a member feels that she is being hazed or knows of a hazing incident, she should report it immediately to the Office of Fraternity & Sorority Life. Any Panhellenic chapter found in violation of the Panhellenic Association hazing policy will be subject to investigation and discipline by the Panhellenic Association and will have their Inter/National Headquarters contacted.

8 Formal Recruitment Tips for Success

BE YOURSELF. Do not adopt a new personality just because of recruitment! Each chapter has its own personality and women that could be the perfect fit for you. Sororities are interested in the real you, not a fake front you put on for two weeks. Be yourself!

KEEP AN OPEN MIND. When you receive your schedule from your Pi Chis at the beginning of each round, you may not receive your top choices back. Don't get discouraged. If you ask many women currently in sororities, they'll say that their opinions of each chapter changed drastically during the course of recruitment. Though you may not have "clicked" with a sorority on a particular day, it might have just been one particular person that you talked to and didn't have much in common with. Each sorority may have up to 180 members, so don't base your opinion on just one conversation! Similarly, you may not be asked back to as many sororities as some other women in your group. Remember that it only takes one bid on bid day to join, so keep an open mind and get excited about the chapters that did invite you back!

MANAGE YOUR TIME WISELY. While the week of formal recruitment can be an exciting and intense time, women who manage their time will find the week much easier than those who do not! Remember to allow enough time for your meals, homework, and sleep during recruitment.

ASK ABOUT FINANCES. Do not be afraid to question the financial obligation of joining a sorority. Feel free to ask your Pi Chi, as well as sisters in each chapter.

ASK ABOUT VALUES. When you join a sorority you are becoming a member of a lifetime sisterhood. Don't be afraid to ask about the morals and ideals of the chapter to see if they resonate with what you find important.

GET TO KNOW OTHER WOMEN IN YOUR PI CHI GROUP. During formal recruitment, you will have the opportunity to meet many wonderful sorority women, as well as the other women going through recruitment with you. These other Potential New Members might turn out to be your new sisters, or they might join a different chapter and you'll see them at many sorority community events over the next few years. Having friends in other chapters is a huge part of being in a sorority.

STICK WITH IT. At times recruitment may seem stressful, but have fun with it! This is an opportunity to meet hundreds of great women.

F.A.Q.

DO I HAVE TO REGISTER FOR SORORITY RECRUITMENT?

Yes, you must register for sorority recruitment on the Panhellenic website at www.pennstatephc.org. Upon registration, your information will be collected, you will be assigned to a group, and scheduled for recruitment. Remember, the last day to register is Friday, August 26 at 5 p.m. The registration fee is \$40.

DO SORORITY WOMEN HAVE FRIENDS IN OTHER SORORITIES AND OUTSIDE OF SORORITY LIFE?

Yes, many members of sorority life are actively involved on campus in almost any activity you can think of inside and outside of the Panhellenic Community. Joining a sorority does not mean losing friends or changing the group of friends you hang out with. It means finding more friends both in and out of sorority life and carving a niche in this huge school!

WHAT IF I HAVE CLASS AND HAVE TO MISS A SORORITY RECRUITMENT EVENT?

You will have to fill out the excused absence sheet and submit it online or to your Pi Chi by August 31 at midnight. If you miss a party without an excuse, you will be removed from recruitment. You cannot enter a party late, so make sure you are on time! If there is ever a personal problem, please confide in your Pi Chi or one of the Panhellenic Executive Board members and a solution will be reached to help with the situation.

HOW DO I KNOW WHO MY PI CHI IS AND WHERE DO I MEET HER?

Registered Potential New Members will meet their assigned Pi Chis at orientation. You will learn how to get in contact with her and where your group will meet every day before recruitment rounds begin. Your Pi Chi will always let you know where and when you need to meet before each round of recruitment.

OUTSIDE OF RECRUITMENT PARTIES, CAN I TALK TO SORORITY WOMEN?

To ensure a fair and pressure-free process, there is a period of limited contact between sorority women and Potential New Members when not at recruitment events. From the day Potential New Members arrive on campus until the end of recruitment, preplanned contact is prohibited between you and sorority women. This includes calls, e-mails, texts, letters, face-to-face communication, Facebook, Twitter, etc. This is an extremely important rule. If a sorority member contacts you, she is putting her entire chapter at risk for judicial sanctions and is undermining the spirit of our Panhellenic community. You have the right to a confidential and fair recruitment process.

WHEN DO I GET TO LIVE ON THE SORORITY FLOOR?

Living on the sorority floor is a privilege and is not guaranteed. The opportunity to live on the floor will depend on how much space is available, which will vary from sorority to sorority. Many sororities have an application process for people interested in living on the floor, so consult your chapter Housing Chair early if this is something that you are interested in.

HOW MUCH TIME IS NEEDED TO BE INVOLVED IN A SORORITY?

As a new member, you can expect weekly meetings, community service projects, sisterhood events, and social functions. These activities will continue after initiation to whatever extent you choose. Your experience will be what you make of it – the more you put in, the more you will get out!

I'M NOT SURE I HAVE ENOUGH MONEY TO PAY FOR SORORITY MEMBERSHIP. SHOULD I STILL GO THROUGH RECRUITMENT?

Sororities do cost money, with first-semester dues averaging \$650. Most sororities offer payment plans, allowing you to spread your payments throughout the semester. Additional expenses may arise from purchasing t-shirts and apparel and attending social events such as formals and hayrides. Costs are different for each chapter, so ask about the financial commitment when you meet with them.

Panhellenic Sorority Chapters

Delta Phi Epsilon Welcomes YOU!

Delta Phi Epsilon (DPhiE) was founded on March 17, 1917 by five women attending NYU School of Law. DPhiE is an international, Panhellenic sorority where all sisters live by the principles of Justice, Sisterhood, and Love. Our founders selected the motto Esse Quam Videri – to be, rather than to seem to be – because they believed that above all, our sisters should remain true to who they are. We are excited to bring DPhiE to Penn State's community and build upon the 100 year old legacy of Delta Phi Epsilon!

Delta Phi Epsilon will be the newest sorority joining the Penn State Panhellenic community this semester! As such, our process is a little different than what you'll experience from the other sororities on campus.

Women who join DPhiE this semester will be known as Founders of the chapter. Our recruitment will take place after Panhellenic recruitment ends. You'll be able to meet sisters during Open House sessions, and we'll explain what the process of being a founding DPhiE sister looks like. If you don't find your home during formal recruitment, we invite you to check out Delta Phi Epsilon!

To stay up-to-date with DPhiE's process and events, make sure you follow us on social media [@PSUdphie](#) and connect with us using the hashtag [#PSUnicorns!](#) If you have any questions, feel free to ask our team members on campus or reach out to your Pi Chi for more information.

Have fun! We look forward to meeting you in person during Open House round!

In Panhellenic Sisterhood,
